PHYSICALS

Physicals are required for each student athlete **before** they can participate in a team's **first official practice**. The physical must be completed on the state mandated form which may be downloaded from the school's athletic website or picked up in the Jr./Sr. High School office. **Please schedule your appointment for the physical early in the summer as it may take weeks before your physician can schedule an appointment.** All sports physicals must be turned in to the Athletic Office by August 27th for fall Jr. High sports. Once turned in to the Athletic Office, physical exams **MUST** be reviewed and approved by the Haddon Heights School District physician prior to an athlete being medically cleared for participation. This process could take 3-5 days. Please make sure that your physician has completed the "Student-Athlete Cardiac Assessment professional development module". Only a physician that has completed this training can give a valid physical examination for athletics. Physical Forms may be turned in later than August 27th for fall Jr. High sports, but this does not guarantee participation on the first day of practice. http://hhsd.k12.nj.us/hhhs/files/athletics/HHHS_Physical.pdf

Family ID registration must be completed **BY** the first day of practice, no exceptions. Family ID is an online registration platform where you input all of your medical and contact information once. Registration is required **EACH** season for each student athlete; however, medical and contact information does not need to be re-entered, only updated. The Family ID website is listed below and the link can also be found on the Jr/Sr High School Athletic Home page.
